

Quarter and Half Dome Safety Mirrors

Installation Instructions

- Place safety mirror on the wall where desired
- Lightly mark the outside dimension of the safety mirror
- Place hook or hooks inside the marks on the wall as described in the previous step. Place hooks as high on the wall as possible.
- Attach springs to hooks on the wall.

DISCLAIMER: Please read all instructions before beginning installation. These guidelines are provided in good faith to help prevent any problems caused by errors in installation. The manufacturer of this product shall not be held responsible for installation actions taken or not taken. There are many details of installation that are assumed to be general construction knowledge to experienced installers; which are not included in these instructions. These installation guidelines are intended to be strictly recommendations and are not to serve as a step-by-step, fail-safe installation checklist. Selection of an experienced installer is the sole responsibility of the project owner and architect. Protek Systems, Inc. does not accept any responsibility for job failure resulting from or associated with improper site environmental conditions and installation failure due to expansion contraction issues.
